ABOUT ME

I am a junior Software Engineer with over a year of hands-on experience. I am good at JavaScript, TypeScript, React, MUI and so on. I demonstrate a strong work ethic, rapid adaptability, and effective communication abilities in both English and Polish.

WORK EXPERIENCE

Frontend coach

Golteens | remote   2022 – present

Conduct frontend lessons encompassing HTML5, CSS3, JavaScript, Node.js, and React tailored for children and teenagers, I will blend theoretical explanations with hands-on demonstrations of coding. Each session will delve into the fundamental concepts while providing practical coding exercises to reinforce learning. All lesson materials will be meticulously saved and organized within the golteens lessons repository for easy access and review by participants.

Freelance

self-employed | remote   2022 - present

As a freelance software engineer, I specialize in building and delivering React landing pages and small JS projects, such as games or business web card websites, tailored to meet the unique needs of various clients. An illustrative project involves creating a program aimed at enhancing the quality of Bachelor's and Master's theses at universities by facilitating the checking process. This program was a collaborative effort with my groupmate, although we were responsible for different tasks.

English tutor

Entrepreneur | remote   2016 - present

Conduct English lessons effectively. I employ diverse methodologies tailored to meet the individual needs of each student. The curriculum encompasses grammar, vocabulary, spelling, reading, and listening exercises, catering to learners across all proficiency levels, ranging from A1 to B2.
